

1. Objective

ALATA provides appropriate mechanisms and services for learners to have complaints and appeals addressed efficiently and effectively. ALATA will act on each substantiated complaint, concern or appeal.

We maintain a complaints and appeals policy which includes provisions that manage and respond to allegations involving the conduct of the RTO, its trainers, assessors or other staff, a third party providing services on the RTO's behalf, its trainers, assessors or other staff; or a learner of the RTO.

2. Requirement

ALATA uses a systematic approach to dealing with complaints, concerns and appeals. All concerns, complaints and appeals are dealt with fairly, honestly, without bias in a professional and fully documented manner.

The procedure for handling complaints, concerns and appeals is disseminated through to students prior to and at enrolment, we follow a process to look at complaints, concerns, and appeals and deal with them in a fair and equitable manner.

3. Natural Justice and Procedural Fairness

There are three basic principles that apply to the process of dealing with complaints, concerns and appeals: the hearing rule, the bias rule and the no-evidence rule (see Complaints Policy)

- a) 'The hearing rule: The hearing rule demands that a decision maker must give an opportunity to a person whose interests may be adversely affected by their decision the opportunity to be heard'¹ (informing those involved of the allegations to present their side of the case)
- b) 'The bias rule: The bias rule demands that the decision maker should be disinterested and/or unbiased in the matter to be decided. Justice should not only be done but be seen to be done. If fair minded people would reasonably apprehend/suspect the decision maker has prejudged the matter, the rule is breached (often referred to as 'a reasonable apprehension of bias')'²
- c) 'The no-evidence rule: The no evidence rule means, in essence, that the decision that is eventually made must be based on logical evidence (proven on the balance of probabilities - that is, the alleged behaviour is more likely to have occurred than not).
- d) It is also important that in making decisions, administrative decision makers:

- take into account relevant considerations;
- do not take into account irrelevant considerations;
- act for a proper purpose; and
- that the decision is not unreasonable in the sense that no reasonable decision maker could have reached such a decision'.³

Once a formal receipt of complaint is received by RTO, the RTO Manager (“RTO MANAGER”) will contact the student within 48 hours to confirm receipt of form. The matter will be discussed by the RTO MANAGER and relevant staff and a written response will be provided back to student within 10 working days from receipt of Notice of Complaint form.

If student is dissatisfied with result, they may access external appeals at little or no cost to them.

4. Scope

This procedure applies to all current, prospective students, staff and third party staff providing services on the RTO’s behalf.

5. Responsible parties

RTO Manager is responsible for the control and issue of this procedure (this may be delegated).

6. Complaints/Concerns and Appeals Mechanism

The RTO ensures that all students will have access to a fair and equitable process for dealing with complaints/concerns and will provide an avenue for students to appeal against such decisions which affect the student’s progress.

Every effort will be made by the RTO to resolve the student’s complaints or concern. To this end, the RTO MANAGER is the person to refer formal complaints/concerns. At the time of enrolment the complaints, concerns procedure and appeals policy will be outlined to students.

Should the student believe that the complaint is of a level that is highly sensitive and does not wish to discuss with their trainer or submit Complaint and Appeal Form to RTO Manager then they are welcome to submit the ‘Complaint and Appeal Form’ directly with the CEO. The CEO

will meet with the student and consider the complaint following the same process as would the RTO Manager

Note: in the event that the complaint is about another student and/or trainer there may be the requirements to separate both parties until the issue is reviewed and then resolved. In some cases, there may be a need to contact external parties such as police or other authorities. The RTO Manager and CEO will decide the seriousness of the issue.

The student is free to have one support person in attendance at the meeting(s). Where we consider that it will take longer than 20 days to process and finalise the complaint or appeal, we will formally advise the complainant or appellant in writing and include reasons why more than 20 days are required and provide regular updates on the progress of the matter.
